About Warmworks

Warmworks, formed in 2015, is a joint venture partnership between Energy Saving Trust, Changeworks and Everwarm.

Warmworks is committed to tackling fuel poverty, increasing the energy efficiency of the homes and communities in which we work and consistently delivering a first-class service to the households and families that we support.

Since 2015, Warmworks has been the Managing Agent of the Scottish Government's national fuel poverty scheme, Warmer Homes Scotland and has recently started work on a range of new contracts and initiatives across the country.

Warmworks has already helped more than 35,000 homes to become warmer, healthier and more energy efficient and is seeking to play a key role in the long-term drive to reduce carbon emissions and increase the availability of affordable, sustainable energy for all.

About the Team

Introduction and context

Warmworks was established to tackle fuel poverty, reduce carbon emissions and support sustainable local economic development in communities across the country.

Team aims

We deliver the best possible help to people who are struggling to keep their homes warm and pay their energy bills; installing measures such as insulation, efficient heating and renewable technologies to make homes more energy efficient and delivering sustainable cost savings in the long term.

Team activities

Since the business was launched in September 2015, Warmworks has provided a high-quality end to end service, from initial referral through to assessment and the installation of measures, along with appropriate aftercare and support for thousands of households. Warmworks employs direct staff to handle in-home assessments and quality inspections, call handling and customer service, operational finance and the management of a diverse supply chain across the UK.

Job Description
